

EDUCATIONAL BACKGROUND

COURSEWORK

COLLEGE OF ENGINEERING GUINDY (ANNA UNIVERSITY)

B.TECH INFORMATION TECHNOLOGY

Chennai,Tamilnadu

CGPA: 9.6/10.0 | Graduation: 2028

UNDERGRADUATE

Data Structures(133 Leetcode Problems)

Operating System (Linux,Windows)

Object Oriented Programming

Design and Analysis of Algorithms

ALL ANGELS MATRIC HR SEC SCHOOL

HSC (2024) – 97.5%

SSLC (2022) – 97.8%

PROJECTS

MEMORA – AI-POWERED KNOWLEDGE MANAGEMENT SYSTEM

- Developed an AI-driven full-stack web application using React and FastAPI with NLP-based semantic search powered by FAISS vector embeddings and retrieval-augmented querying (RAG)
- Implemented graph-based memory mapping, context-aware information retrieval, and AI-powered knowledge management using vector search techniques
- Designed a scalable backend with RESTful APIs, MongoDB storage, and heap-based reminder scheduling for efficient task and data management

HYBRID SPAM DETECTION AND COMMITMENT TRACKER SYSTEM

- Developed a hybrid email processing and spam detection system using Machine Learning, Bloom Filter optimization, and graph analysis for efficient spam filtering and commitment tracking
- Implemented advanced data structures including AVL Tree, Priority Queue, DAG, and HashMap for intelligent task prioritization, dependency management, and scalable data processing
- Built a TF-IDF + Multinomial Naive Bayes machine learning pipeline for spam classification, automated commitment extraction, and deadline management

CEG CONNECT – FULL-STACK SOCIAL PLATFORM

- Developed a full-stack social networking platform using React, Node.js, Express.js, and Firebase with real-time posts, group chat, communities, and media sharing
- Implemented secure authentication with OTP login, JWT authorization, RESTful APIs, validation, rate limiting, and security middleware
- Integrated Firebase Firestore, cloud storage, Zustand, and Tailwind CSS for real-time synchronization, efficient state management, and responsive UI design

SKILLS

LANGUAGES

C++/C | Javascript | Python

FRONTEND

HTML | CSS | React

DATABASE

PostgreSQL | MongoDB |

Firebase Firestore

BACKEND

Node.js | Express.js

TOOLS

Git | Github
